PROFILE

I was born in Athens on November 10, 2000, and I am currently pursuing a degree in Computer Science at Harokopio University, where I have been studying since 2018. From 2020 to 2022, I worked at **BioTech Scientifics P.C.** as an Information Systems Manager, gaining valuable experience in managing information systems. I also have strong skills in technical support, Linux system administration, and frontend development. Through my academic and personal projects, I have gained hands-on experience with Spring Boot, Docker, and Docker Compose, and I am particularly interested in DevOps practices. In my free time, I enjoy playing video games, going to the cinema, working out at the gym, and traveling. I am a motivated and enthusiastic individual who actively follows the latest developments in technology and is eager to grow and contribute in the ever-evolving tech field.
